**PROPOSAL SHEET**

FROM: \_\_\_\_\_

Line Item No.	Item Description	Qty	Unit	Unit Price	Amount
<b>GENERAL</b>					
1.	Mobilization	1	LS		
2.	Equipment Cost	1	LS		
<b>EXISTING</b>					
3.	Walkway to be removed and disposed of along with timber piles	1	LS		
4.	Ramp to be removed and disposed of	1	LS		
5.	Floating Dock to be removed and disposed of along with concrete piles	1	LS		
<b>*PROPOSED</b>					
6.	Wharf Walkway Section Frame: match existing Decking: match existing	111	SF		
7.	Wharf Walkway Section Handrails Match existing	34	LF		
8.	Wharf Walkway Section Piles: 14" diameter Timber Piles, 50' long	6	EA		
9.	Fixed Walkway: 6' x 86' Frame: Aluminum Decking: Trex, WearDeck or similar man-made composite material	516	SF		
10.	Fixed Walkway Piles: 14" diameter Timber Piles, 65' long	14	EA		
11.	Fixed Walkway Handrails Aluminum or man-made composite horizontal railings. One middle railing and one top railing	172	LF		
12.	Ramp 1 and 2: 4' x 30' Aluminum ramp with aluminum railings	240	SF		

13.	Floating Dock 1: 10' x 126' Frame: Aluminum Decking: Trex, WearDeck or similar man-made composite material	1,260	SF		
14.	Floating Dock 2: 12' x 126' Frame: Aluminum Decking: Trex, WearDeck or similar man-made composite material	1,512	SF		
15.	Floating Dock Piles: 16" Diameter Concrete Piles, 80' long	16	EA		
15A.	Floating Dock Piles (alternative A): <i>Fill in alternative pile specs and quantity:</i>  Diameter: _____ IN Material: <b>Timber</b> Length of Piles: _____ FT	QTY: _____ (# of piles)	EA		
15B.	Floating Dock Piles (alternative B) <i>Fill in alternative pile specs and quantity:</i>  Diameter: _____ IN Material: _____ Length of Piles: _____ FT	QTY: _____ (# of piles)	EA		
<b>**TESTING</b> (if not needed enter N/A)					
16.	Boring Test	1	LS		
17.	Wind Test	1	LS		

**BASE BID TOTAL ( 15. - Concrete Piles) \$ \_\_\_\_\_**

**TOTAL (w/alt. 15A - Timber Piles) \$ \_\_\_\_\_**

**TOTAL (w/alt. 15B - Contractor's choice of Piles) \$ \_\_\_\_\_**

**\* Structural Design and Submittals including, but not limited to, dock specifications, standards, and/or plans for each item listed in the Proposed Section must be submitted in the sealed proposal.**

**\*\* Testing for the design of this project is the responsibility of the contractor and is not required unless the information needed is not known. Please note that boring test results (and possibly wind test results) for the proposed bridge project on SR25/US17 over Darien River are public records and may be acquired directly from GDOT.**

**Note:**

Please write in "No bid" if the contractor does not wish to bid on an alternative item

**Note:**

The project must comply, as applicable, for areas permitted by the CMPA Permit #830, with all other federal, state, and local statutes, ordinances, and regulations. All plans, documents and materials contained in the CMPA Permit #830, are a part of this project.
